

2017 Flood Impact Reduction Action Matrix

Issue Date: 8/1/17

Area	Development	Issue	Action Items	Who	Target Date	Status
Transportation	MLK Overpass	-Cutting off key corridor during major floods	-Elevate both ends of	Steve Wilson	TBD	X
	SR 568 / CR 180	-Closing key transportation -Slow to drain Hunter's Creek	-Additional Culvert Crossing	Steve Wilson / County Engineer	TBD	X
	Western Avenue	-Low spot	-Elevation	Steve Wilson	TBD	X
	SR 568 / Lye Creek	-Elevation of bridge to creek	-Seek discussion with ODOT to elevate with longer span	Steve Wilson / ODOT	TBD	X
	224 West	-224 Floods right before Findlay near Peterbilt	-Investigate	Steve Wilson / ODOT	TBD	X
Liberty	Western Meadows	-Crushed Tile	-Create access documents -Seek Landowners Approval -If no access, seek alternative -Schedule work	Doug Cade Doug Cade County Engineer	On-going On-going	Δ Δ X X
	Eagle Estates	-Drainage issues adjacent to LB -Dold, Western, Palms & Eagle -Can we increase drainage capacity	-Investigate this drainage corridor -Determine if even feasible -Determine cost estimate if feasible -Determine assessment / FRF Options	County Engineer / Steve Wilson Liberty Trustees	TBD	X
CR 99	Industrial Park (FAP)	-Drainage issues have increased -Detention and Sewer Capacity	-Checking lines to confirm clear of debris	-County Engineer	On-going	Δ
East Side	SR 568 / CR 180	-Closing key transportation -Slow to drain Hunter's Creek	-Additional Culvert Crossing	Steve Wilson / County Engineer	TBD	X
Marion	Forest Lake	-Continued drainage issues	-Follow-up review	Doug / Mark	TBD	X
		-Shoever Ditch	-Cleaning	S&W / Doug Cade	TBD	X
Vanlue (Amanda)	Lloyd Property	-Not draining	-Phase 2 Drainage Project	-Steve Wilson / County Engineer	TBD	X
Blanchard River	Watershed	-Debris Removal	-4th Maintenance Project	Joint County Agreement	Spring 2018	X
			-Remove all Hancock County Debris	S&W / CC		X
		-Three log jams	-S&W Contracted Out	S&W / Gary	Jul-17	Δ
		-568 Bridge and head east	-S&W Review	S&W / CC	8/12/17	X
		-Debris Removal	-Issue Contract	S&W / CC	9/1/17	X
Eagle Creek		-Debris Removal	-S&W Review -Issue Contract	S&W / CC	8/12/17 9/1/17	X
Lye Creek		-Debris Removal	-S&W Review -Issue Contract	S&W / CC	8/12/17 9/1/17	X
Other	Ditch Maintenance (Approximately 166)	-Tracking and Completion must improve	-Review with S&W Board	Brian R.	8/17	X
			-Consider returning to Engineer's Office	Brian R. / Chris L.	TBD	X
Zoning / Codes	HRPC / Entities	Residential development codes -Townships have no say by ORC -Building to minimum standards when our environment dictates more	-Review at HRPC -City Approves -County Engineer Review	HRPC / Trustees / Brian	8/16/17	X

Complete O

In-Process Δ

Not Started X

Process	1) Work session held with key drainage members (Engineer's Office, Soil & Water, Townships) 2) General consensus on Projects and Goals 3) Move forward working with individuals townships and/or projects in small groups step-by-step
Reduction Focus	1) Focus on how to ensure improving transportation corridors 2) How to address dense residential areas with <u>surface</u> drainage issues 3) How to improve watershed preventive maintenance & debris removal
Limitations	1) We are not addressing Sewer & Water Capacity 2) Feasibility of Solutions and Cost must be a consideration 3) Cooperation on property access and entities like ODOT
