TESTIMONIALS

"Through the PAC, my hope is to help other kinship families just beginning their journey learn from other parents in similar situations, and provide insight to local agencies from a grandparent raising grandchildren perspective in regards to the struggles kinship families face."

~ Current PAC Member

"I want to make sure that more resources and information are available to Kinship Foster Parents. Everyone who is raising children needs to know that there are resources available to help them be better parents!"

~ Current PAC Member

"I joined PAC to have my voice, and my child's needs heard. It's my hope that my voice, and the voices of the other members in PAC can make waves, make change, and make a difference in Hancock County to fill the gaps where kids like mine exist."
